**Please write “YES” in agreement to each point below:**

We seek our child to be part of Aarohi, after we have in detail and in depth understood the philosophy of open learning and working of Aarohi.	
We have filled and submitted the Admission questionnaire to Aarohi.	
We are aware that Aarohi is not a school. It is learning campus which gives opportunities for children to do self directed learning at their own pace.	
Our child is either going to a school or we are doing home schooling and hence we are using Aarohi as a learning campus to supplement our child’s education.	
Aarohi operates completely on “child driven learning” and hence there is no expectation from Aarohi about child being taught any particular concept or skill or knowledge. However, we understand that the child will use the resources, the campus, opportunities, people and processes to enhance his or her own development.	
We are aware that with freedom offered by the open learning at Aarohi comes the responsibility of self. We will work with our child to help him or her to understand this balance between freedom and responsibility. Towards this we agree to follow all the guidelines as specified by Aarohi for working of children and parents within Aarohi from time to time.	
Wherever not satisfied with the approach, systems or processes being used by Aarohi, we will endeavour to understand the reasons why Aarohi is adopting a certain approach and would give constructive feedback to so that together we can improve the offering given to the child.	
We agree that parent involvement is essential and important for giving the child the best development opportunities. We shall participate in all events and opportunities organised by Aarohi for parents involvement in Aarohi.	
Health and Immunization: We hereby certify that our child is up to date with all the requisite immunizations and to the best of our knowledge our child does not have any disease that may cause clinical harm or be transmitted to others at Aarohi.
